

PROGRAM OVERVIEW

The Department of Justice has published guidelines for the care of sexual assault victims in the healthcare setting. JCAHO mandates a plan of care for victims needing forensic expertise. The ENA and IAFN have practice standards for caring for victims of violence. This program will give nurses the core education to meet this standard of care in their practice

Statistics

One in four women will be victims of sexual assault during their lifetime.

National Statistics

· At least one in every three women will be a victim of domestic violence or sexual assault at some point in her life.

· Women of all races are equally vulnerable.
(as reported by Department of Justice, 2007)

OBJECTIVES

At the end of this course the participant will be able to:

- Mobilize a multidisciplinary team to meet the needs of the victim of abuse: SANE, advocacy, police, CSI.
- Complete a sexual assault exam
- Document sexual assault injuries in digital format.
- Complete a domestic violence screening and activate advocacy response team.
- Discuss the diversity/cultural issues in victims of sexual assault.
